

## ET 1670 WINTER POWER 50

**WINTER POWER 50** is a highly concentrated complex multi-functional diesel fuel supplement formulated to improve low temperature operability, control moisture and filter icing, and improve cold weather starting. This product has a low pour point and can be stored outside. Bio-diesel fuels may require a stronger treatment ratio as they are typically harder to treat fuels.

**WINTER POWER 50** contains an anti-gel, heavy wax modifier, anti-icer, cetane ignition improver, fuel stabilizer, rust and corrosion inhibitors, and **Master Klenz**, a very heavy-duty detergent/dispersant cleaner that provides outstanding injector cleanliness.

**WINTER POWER 50** also contains an improved Fuel Stabilizer/Anti-Oxidant Additive, which vastly improves long-term storage life of Ultra Low Sulfur Diesel Fuel and minimizes the formation of sludge resins, varnishes, lacquers, carbon deposits and the darkening of diesel fuel. **WINTER POWER 50** also contains **Lyvan** for better lubricity and reduction in wear on fuel system components in **Ultra Low Sulfur Diesel Fuels**.

### *Formulated for Ultra Low Sulfur Diesel Fuels & Bio-Diesel Fuels*

#### USER BENEFITS

- Anti-gel agent lowers filterability of the fuel 12-24° F below the cloud point of the fuel
- Proprietary blend of Cold Flow Inhibitors and Heavy Wax Modifiers to maximize cold weather operability
- Anti-icer protects fuel from freezing
- Outstanding injector cleanliness
- Contains LYVAN which replaces lubricity lost due to the removal of sulfur in the production of **Ultra Low Sulfur Diesel Fuels**
- Fuel economy improvement up to 6.5%
- Reduced exhaust emissions up to 19.7%
- Heavy-duty dispersancy for insoluble gums
- Vastly improves fuel stability for longer storage
- Metal deactivator for outstanding corrosion protection
- Noticeable drivability improvement, reduced combustion noise, and increased engine component life

#### TREATMENT RATIO

1-1000	Increases Cetane up to 6 points
--------	---------------------------------

#### CONTAINER SIZES

⇒275 Gallon Totes

⇒55 Gallon Drums

⇒2 - 2.5 Gallon Jugs

**MEETS AND EXCEEDS JOHN DEERE & STANADYNE REQUIREMENTS FOR ADDED LUBRICITY IN ULTRA LOW SULFUR DIESEL FUELS**

**THIS PRODUCT DOES NOT CONTAIN ALCOHOL**
